

Grant Letter of Support

Senator Daines considers it an honor to write letters of support for grant proposals submitted by non-profits, businesses, and agencies. Please note that Senator Daines may not be able to write letters of support if more than one Montana non-profit, business, or agency is competing for the same grant. Letters of support can only be written when a grant proposal is ready to be submitted to an agency or department.

To be able to better serve the grant seeker, the following information is needed:

Project/Program Summary

What does the project/program do, and who will it benefit?

Why is this project/program important to the community?

Any features you feel the project/program needs?

Is this project/program being supported by anyone else? (such as a Local Government Entity)

What will the grant funding be used for?
